

COOLANT OILS – 33

PRODUCT NAME

COOL TECH

PRODUCT TYPE

SPECIAL ANTIFREEZE

GRADE

COOLANT OILS 33

TECHNICAL SPECIFICATIONS

APPEARANCE: COOLANT OILS

BRAND: AL ROCK

Density @ 100 °C - > 1.5

Equilibrium reflux boiling point (ERBP) °C- 115 Max

Freezing point °C - 20 Max

pH-7.0 – 9.0

Specific Gravity 60 °F-1.01 – 1.05

BENEFITS AND FEATURE

1. The cooling liquid absorbs the heat from the engine parts and gives it back to the atmosphere through the radiator.
2. Even a very short period of working without cooling liquid is sufficient for a piston seizure or for cracks of the cylinder head, due to insufficient heat transfer.
3. The electrochemical action of the organic inhibitors, never consumed during the drain period, extends material life and guarantees a maximum cooling of the engine.

PACKING SIZE

1L, 4L, 5L, 20L, 25L, 208L
