

## REFRIGERATION OILS - 68

<u>PRODUCT NAME</u>	<u>PRODUCT TYPE</u>	<u>GRADE</u>
SUPER	REFRIGERATION OILS	68

### TECHNICAL SPECIFICATIONS

**APPEARANCE:** REFRIGERATION OIL

**BRAND:** AL ROCK

Gravity @ 15 °C -0.96

Viscosity @40°C-68.0

Viscosity @100°C-8.7

Viscosity Index-95

### BENEFITS AND FEATURES

1. Reduced downtime by maintaining clean working surfaces
2. Prevention of waxy and gummy deposits through high oil thermal stability
3. Very good miscibility with refrigerants for good lubrication
4. Extended oil service life, excellent resistance to oxidation
5. Low pour and floc points and miscibility with refrigerants

### PACKING SIZE

**1L, 4L, 5L, 20L, 25L, 208L**
